

PROYECTO DATE – SENSIBILIZACIÓN, FORMACIÓN Y EDUCACIÓN SOBRE DROGAS

Utilizar infografías para involucrar a jóvenes y educar sobre drogas

Welcome to the second newsletter of the DATE project. Since we were last in contact, we have been busy developing our Toolkit of Interactive Infographics for young people on the theme of drug awareness and drug education. We created two samples of the infographics in September and our project partners tested them with their local youth committees, generating super interest in the project and also capturing brilliant insights from young people and youth workers on how best to finalise the toolkit. Together FIP and FHB have taken this feedback onboard and in January 2022 will launch the DATE toolkit amongst our community of stakeholders and practitioners. This will mark a key milestone in the project, in what has been a challenge year with all things Covid!

“We need urgently to recognise that not only is a wider variety of people now personally experiencing drug problems, but drug problems are impacting on our communities in a wider variety of ways”

Alexis Goosdeel EMCDDA
Director
[European Drug Report 2021](#)

Y ahora qué... nuevas actividades para el año 2022

2022 será el año de los jóvenes en el proyecto DATE. Dedicaremos nuestro tiempo a apoyar a los jóvenes, a través de nuestro Programa de Educación entre Pares, para que sean nuestros defensores en sus

comunidades locales, entre sus compañeros y dentro de sus comunidades escolares. Tenemos la intención de trabajar junto a los jóvenes para responder de forma positiva a las realidades y retos actuales a los que se enfrentan y permitirles aplicar el pensamiento crítico y la razón a las cuestiones que se plantean. Para obtener más información y mantenerse en contacto con nosotros, visite nuestro sitio web <https://dateproject.eu/en/> O síganos en Facebook: <https://www.facebook.com/DATEProject>
